PROFILE

Seasoned customer service professional turned Software Developer via General Assembly's Software Engineering Immersive. With an extreme attention to detail, a customer first mentality, and a self-starter attitude, I aim to become part of a dynamic, inclusive, and intellectually curious developer team.

> **PERSONAL PORTFOLIO PROJECTS**
2020 | AVAILABLE ON WWW.SEIBEL.LIFE

> **STRAIGHT UP DOPE BOOKS**
>> Team developed MERN stack application
>> Utilizes a Google and NYT API to aid in user discovery of new books
>> User can generate lists of discovered and already read books

> **HOOCHNET**
>> MERN stack application utilizing CocktailDB API to aid in user discovery of cocktail recipes, based on user's selected ingredients already in their virtual hooch cabinet

> **GUESS-TO-PET**
>> Front-end web application that allows users to guess the breed of random cats or dogs (loaded from Petfinder's API) based on user-inputted location and preference data.
>> Links users to the rescue animal's adoption page found on www.petfinder.com

>**VENDOM**
>> A full stack application following the MVC pattern that allows users to create a master list of favorite homes to rent/buy from a variety of house hunting websites (such as Zillow, or Truila).

CUSTOMER SERVICE EXPERIENCE

> **RETAIL OPERATIONS DIRECTOR**
RIVERROCK, LLC | 2018-2019 | DENVER, CO
>> Oversaw all day to day operations of two retail storefronts in the Denver metropolitan area.
>> Managed a team of 35 employees and provided on-boarding, training, and performance feedback for continuous improvement in all facets of business.
>> Maintained financial control of $25M in inventory and cash on hand, ensured all stores remained profitable.
>> Identified solutions, managed projects in a disciplined manner, and provided hands-on leadership to all employees, while ensuring customers were satisfied.

> **SERVER/BARTENDER**
HAPA SUSHI | 2019-2020 | DENVER, CO
>> Demonstrated the ability to multi-task at a face pace while dealing with various situations/individuals in a busy, high-end establishment.
>> Collaborated with other staff members and maintained flexibility in changing priorities to ensure guest satisfaction and operational success.

> **SERVER**
THE IRISH SNUG | 2017-2018 | DENVER, CO
>> Provided excellent customer service, adapted quickly to changing priorities, and developed effective problem-solving skills.

> **GROUP AND MEETING COORDINATOR**
HOLIDAY INN EXPRESS | 2016-2017 | MADISON, WI
>> Used project management and communication skills to manage the successful execution of hotel events such as weddings, corporate meetings, etc.
